"That's poker" is a colloquial expression often used to convey acceptance of a situation that is out of one's control. It's derived from the game of poker, where luck and chance play a significant role in the outcome. Essentially, it means "that's just how things are" or "That's life." What does that mean? It proceeds clockwise as each player in turn either match (or "call") the maximum previous bet, or fold, losing the amount bet so far and all further involvement in the hand. Poker - Wikipedia
